The owner of the facility has ignored his obligations thus far (lighting, plantings, vehicle storage, 24 hour U-Haul business). So they should not be allowed to proceed they need to comply with the first obligation.

# Constant Non-Compliance By The Self Storage Facility At 100 Milford Road

Your Board of Trustees have been hard at work attending the Grafton Planning Board meetings to ensure that the neighboring Self Storage Facility complies with the requirements of the Planning Board.

The owner of the facility has ignored his obligations thus far (lighting, plantings, vehicle storage, 24 hour U-Haul business) and is requesting to be allowed to proceed with his Special Permit for further expansion of the site.

If you agree that the special permit should be denied, please respond to this survey with your name and address. Please present your perspective and any comments as you feel necessary/appropriate.

This information will be shared with the Grafton Planning Board to show that the Hilltop Community (and its body of Grafton voters) cares strongly about this issue and how it impacts their property values.
